All materials published by Intellego on this Site (including, but not limited to Intellego Software, text, images, illustrations, video and audio clips, etc., known collectively as the “Content”) are owned or controlled by Intellego, its subsidiaries or affiliated companies or a third-party provider, and are protected by copyright and are sometimes referred to as “Materials”.

You agree that you will not record the content in this Site by any means for the purposes of distribution or display. Intellego grants you the limited right to display the Materials only on your personal computer, and to copy and download the Materials on this Site, provided that: (1) both the Intellego copyright notice (set forth below) and this permission notice appear in the Materials so displayed, copied or downloaded; (2) such display, copy or download is solely for your personal or internal informational use (that is, not distributed or otherwise transmitted outside of

your home or company, or otherwise broadcast in any media). You acknowledge and agree that you have no right to modify, edit, alter or enhance any of the Materials in any manner. This limited license terminates automatically, without notice to you, if you breach any of these Terms. Upon termination of this limited license, you agree to immediately destroy any downloaded and/or printed Materials. You agree not to "frame" or "mirror" any Materials contained on or accessible from this Site on any other server or Internet-based device without the advance written authorization of Intellego.

You acknowledge that, except as expressly stated herein, you have no right, title or interest in or to the Materials.

Use of the Software is governed by the terms of the end user license agreement that accompanies or is included with such Software and is also referenced on this website. You will not be able to download or install any software that is accompanied by or includes an end user license agreement unless you agree to the terms of such end user license agreement. If you do not agree to such terms, you will not be able to use the Software. You may not decompile, reverse engineer or otherwise attempt to discover the source code of the Software available on the Site.

Warranties and Disclaimers

Except as expressly provided otherwise in a written agreement between you and Intellego, the materials in or purchased through this site are provided "as is" and without warranties of any kind either expressed or implied. To the fullest extent permissible pursuant to applicable law, Intellego disclaims all warranties, express or implied, including, but not limited to, implied warranties of merchantability or fitness for a particular purpose, or the warranty of non-infringement. Without limiting the foregoing, Intellego does not warrant that the functions contained in the service will be uninterrupted or error-free, that defects will be corrected, or that this service or the server that makes it available are free of viruses or other harmful components.

Intellego does not warrant or make any representations regarding the use or the results of the use of the materials in this service in terms of their correctness, accuracy, reliability, or otherwise. You (and not Intellego) assume the entire cost of all necessary servicing, repair, or correction. Applicable law may not allow the exclusion of implied warranties, so the above

exclusion may not apply to you. Without limitation of the foregoing, you acknowledge that as a service to users of the Intellego service, we include links to other web sites on the world wide web portion of the internet and that Intellego has no control over, and makes no representations of any kind whatsoever, regarding the content or appropriateness of content on such web sites and you hereby irrevocably waive any claim against us with respect to such web sites. No advice or information, whether written or oral, obtained by you from Intellego or from or through the site shall create any warranty not expressly stated in the terms of use.

Limitation of Liability

Under no circumstances, including, but not limited to, negligence, shall Intellego be liable for any indirect, extraordinary, exemplary, punitive, special, incidental, or consequential damages (including loss of data, revenue, profits, use or other economic advantage) that result from the use of, or the inability to use, the materials, the site, or any other web site, even if Intellego or an Intellego authorized representative has been advised of the possibility of such damages. Intellego assumes no responsibility for errors or omissions in the information or Software or other documents which are included within, referenced by, or linked to or by the site. This site could include technical or other inaccuracies. Changes are periodically made to the information herein. However, Intellego makes no commitment to update materials on this site.

In no event shall Intellego's total liability to you for all damages, losses, and causes of action (whether in contract, tort (including, but not limited to, negligence) or otherwise) exceed the amount paid by you, if any, for purchasing any materials or products.

Termination

The license for use of the Site and the Materials is effective until terminated. You may terminate it at any time by destroying the Materials together with all copies thereof. This license will terminate upon conditions set forth elsewhere within this Terms of Use or if you fail to comply with any term or condition of this Terms of Use. In such event, no notice shall be required by Intellego to effect such termination. Upon termination of this Terms of Use, you agree to destroy the Materials together with all backup copies, modifications, printed or written materials, and merged portions in any form, or return same to Intellego at your expense.

Third-party Web Sites

Intellego may provide links to other sites that we feel are relevant and interesting to our users ("Link Sites"). Intellego is not responsible for the content on the Link Sites and is not responsible

for the accuracy of the information and intellectual property notices therein. Some of these Link Sites may provide you with opportunities to purchase products ("Products"). We do not endorse any of the Products nor do we make any representations or warranties in connection with the Products.

Third-Party Products and Services

The Site may contain mention of third-party products and services for informational purposes. Third party products and services are the products and services of such third parties and Intellego does not warrant impliedly or expressly the quality and/or reliability of such third party products and services. Intellego makes no recommendations or endorsements about third-party products and services. References to third-party services and products are provided by Intellego "as is," without warranty of any kind, either express or implied, or statutory, including, but without limitation, the implied warranties of non-infringement of third party rights, merchantability, and fitness for a particular purpose.

Submissions

Certain parts of the Site may ask for written suggestions or problem reports such as using our contact form or problem report form ("Submissions"). In such a case, please read carefully the specific terms, which govern those Submissions ("Additional Terms"). In the absence of Additional Terms, the Intellego Terms of Use shall govern your legal rights with respect to those Submissions.

The Submissions shall be deemed the property of Intellego. Intellego shall exclusively own all now known or hereafter existing rights to the Submissions throughout the universe in perpetuity and shall be entitled to use the Submissions for any purpose whatsoever, commercial or otherwise, without compensation to the provider of the Submissions. In any event, any Submissions you send to Intellego will not be treated as confidential and Intellego shall not be liable for any disclosure of the Submissions.

Accounts and Security

Certain areas of the Site (including but not limited to purchase history pages and certain technical support pages) are password restricted to authorized users ("Restricted Areas"). As part of the online technical support requirement, each user will select a password ("Password") and User Name ("User Name"). You shall provide Intellego with accurate, complete, and updated account information. Failure to do so shall constitute a breach of this Terms of Use, which may result in immediate termination of your account. You may not (i) select or use a User Name of another person with the intent to impersonate that person; (ii) use a name subject to

the rights of any other person without authorization; or (iii) use a User Name that Intellego, in its sole discretion, deems inappropriate or offensive.

If you are an authorized user of the Restricted Areas, you agree that you are entirely responsible for maintaining the confidentiality of your Password and account, and agree to notify Intellego if your password is lost, stolen, disclosed to an unauthorized third party, or otherwise may have been compromised. You agree that you are entirely responsible for any and all activities that occur under your account. You agree to immediately notify Intellego of any unauthorized use of your account or any other breach of security in relation to the Site known to you. Any fraudulent, abusive, or otherwise illegal activity may be grounds for termination of your account, at Intellego's sole discretion, and you may be reported to appropriate law-enforcement agencies.

Intellego does not collect personally identifiable information from, nor allow the creation of user accounts by, individuals under the age of 13. If we have specific knowledge that an individual under the age of 13 has submitted personally identifiable information to this Site, we will delete such information permanently and without notice.

Intellego does not warrant that the functions contained in the service provided by the Site will be uninterrupted or error-free, that defects will be corrected or that this service or the server that makes it available will be free of viruses or other harmful components.
